

JESMOND PARK ACADEMY *CREATE YOUR FUTURE*

Year 11 examination and lesson warm up timetable Student and Parent/Carer Guide

Examinations are shaded in **green** (if everyone is sitting the exam the lessons above are shaded in green too), support activities such as exam warm ups (before school, during the day, lunchtime or Period 7) sessions are shaded in **blue**. Attendance to school **every lesson full time** during the examination period is compulsory up to Tuesday 11th June. The lessons that are shaded in grey up to this point become guided revision sessions (as you will have had your last exam in that subject). Your teachers will advise you on this. You are expected to provide your own work for guided revision sessions, and you are expected to work in silence. You have revision guides for all your subjects to support you with this. In some of your BTEC lessons you will be provided with English, Maths or Science work to complete. You should use the timetable below alongside your personalised examination timetable (which shows you the room to go to for your examination and your seat number) to manage your time over the examination period.

From 11th June onwards all lessons still listed on the sheet, exam warm-ups relevant to you (**in blue**) and examinations (**in green**) **remain compulsory** to attend until your very last examination. **Use the timetable overview to see where the before school, lunchtime or P7 warm-ups are taking place and whether they are compulsory for all students or operating as a 'drop in'. If it says COMPULSORY, then you must attend. If it says DROP-IN, then it is not compulsory to access the support from your teacher during the warm-up. If the venue of the warm-up is not listed, we will tell you on the day or in advance of the day. Please note 'normal' P7 sessions are taking place up to and including Wednesday 8th May. From this point P7 sessions will be specifically exam warm-ups for exams taking place the following day.**

- The morning examinations start once all students have been called in and no later than 9:00am. In the afternoons, you should report to your exam venue at 1:00pm at the end of lunch. The afternoon examinations start as soon after 1:05pm as possible once all students have been called in. At the end of an examination, you return to your lesson.
- You should arrive with all of your correct equipment for each examination. (**Black** pen, pencil, ruler, rubber, clear pencil case, scientific calculator if appropriate).
- Mobile telephones or any other electronic devices must be turned off (not on silent) and be in your bag. Watches cannot be worn and must be kept in your school bag also.
- You must behave according to examination-board protocols, which includes silence at all times in the examination hall, no attempt at communication with other students in the examination hall, and to follow all directions and instructions from the examination invigilators.
- You must wear **full school uniform** for all examinations and the for the Year 11 Leavers' celebration event.
- If you are ill on the day of the examination, or you are at risk of not arriving on time for the examination, your Parent/Carer must contact the Examination Office by telephone as soon as they are able to do so.
- **You must also be available on the GCSE Examination Contingency days sessions listed within the timetable below. In particular note the session on Wednesday 26th June which is after all of the examinations have finished. These are in place should the examination board have need to rearrange an examination due to an emergency unforeseen circumstance (such as an examination paper being leaked online for example). These dates cannot be used on an individual basis if you miss an exam.**
- If you have any queries speak to any of your subject teachers, your Form Tutor, the Year 11 Team or the Examination office.
